

## **Jomos African Furniture**

### Description:

We have been designing and making African Furniture for 35 Years. We have been doing some limited editions but mainly custom designed commission furniture. We say 'If you can dream it we can make it'. Let us help you Africanize your home. Black people spend up to one quarter of their income on furniture. You have an alternative to furniture on the market today, African FURNITURE. This is Furniture that reflects your culture and your personal touch to make it 'one of a kind'. The Furniture is made from solid hard woods of your choice that will last for many generations.
